

# How to Care for Your Fabric

**CLEAN** your upholstered items when needed using a mild solution of 4:1 diluted non-alcohol cleaner such as Formula 409®, Fantastik®, or Green Windex®

**DISINFECT** your fabric with Protex, MadaCide, MadaWipe, Accell TB, Virox® (Canada), or a diluted 1/100 bleach solution. Dry immediately after cleaning to remove excess cleaning solution.

**DO NOT** use citrus based cleaners or other strong cleaners, such as alcohol, acetone, higher concentrations of bleach or other products that contain high concentrations of these substances.

**DO NOT** expose the fabric to temperatures below 32°F/0°C or above 95°F/35°C.

**DO NOT** expose the fabric to direct sunlight, adhesives, liquids, or abrasive materials.

**FAILURE TO FOLLOW RECOMMENDATIONS  
WILL VOID THE WARRANTY ON THE FABRIC.**
